

Porepukah Primary School

December 2021

Dear parent/guardian,

Porepukah Primary School is looking forward to another great year of teaching and learning and would like to advise you of Porepukah Primary School's voluntary financial contributions for 2022.

Schools provide students with free instruction to fulfil the standard Victorian curriculum and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for our students. We want to thank you for all your support, whether that's through fundraising or volunteering your time. This has made a huge difference to our school and the programs we can offer.

Within our school this support has allowed us to purchase new digital learning devices, subsidise transport for school camps, implement the Resilience Project, provide access to the arts, use electricity from the sun and hold community events.

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

Yours sincerely,

Jill Gillies

Educational items for students to own – YEAR THREE STUDENTS

Below is a list of items that the school recommends you purchase for your child to individually own and use. Stationery items should be high quality and not include stationery 'toys' which can distract from learning. Please ensure all individual items are **clearly labelled with your child's name** and brought to school on the **first day of the school year**. It is important that your child has all the necessary stationery requirements for the first day of school, so that they can fully participate in planned lessons. Spare stationery items should be placed in a clearly labelled snap lock bag and sent to school on the first day of the school year. If you already have any of these items, please re-use them for 2022. These items may need to be topped up during the school year.
